

Thank you for choosing Remedy Drug as an option for your Covid vaccination. Here is the latest as of April 24th:

The FDA and CDC have re-approved the administration of the Johnson & Johnson vaccine. There are appointments for both the Johnson & Johnson vaccine and the Pfizer vaccine available on our website remedydrugrx.com. Please check your appointment type, as some are offsite at St. James United Methodist Church.

Governor Hutchinson has announced all Arkansans ages 16 and over are eligible to receive the Covid vaccination.

Please bring a photo ID & your red, white, and blue Medicare card or insurance card if you are insured. There is a consent to fill out - which you can do upon arrival, or by printing off our website.

If you or someone you know has questions about these vaccines, please feel free to speak to us by phone, email, or drop in the store. We are happy to discuss any concerns or questions.
